

# How does I-81 impact you?

This is some of what we've heard so far:

I-81 has facilitated economic development throughout the region

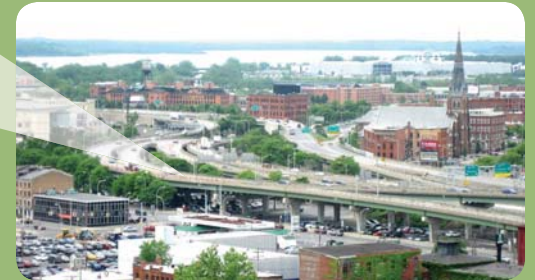

The highway increases convenience and mobility in our region

I-81 is perceived as a barrier that divides the city of Syracuse

I-81 played a part in the destruction of the 15th Ward neighborhood

Because of I-81, Syracuse is a "20 Minute City"

I-81 encourages the use of cars over alternative modes of transportation
